Academy Mission & History

The Suffolk Academy of Law, the academic arm of the Suffolk County Bar Association, provides a comprehensive curriculum of continuing legal education courses for attorneys, judges, and ancillary legal professionals. Our programs enhance practical skills, understanding of substantive law, awareness of legal changes, competence at practice management, and insight into issues of ethics and professionalism. The Academy boasts a track record of more than 30 years as a continuing legal education provider.

Accreditation: Mandatory Continuing Legal Education

The Suffolk Academy of Law is certified by the N.Y.S. Continuing Legal Education Board as an **accredited provider of continuing legal education in the State of New York** and also as an **accredited provider of video and audio recordings and on-line CLE**.

Recorded Continuing Legal Education

Most of our live presentations are recorded and are available for purchase in a number of formats:

- **DVD or audio recordings** as listed in this catalog.
- **On-Line (i.e., on-demand, instantly, 24-7)** On-line recordings are available as both video replays viewed via your computer and as audio MP3 recordings ("CLE to Go") to download onto your IPOD or other MP3 player. For a list of what is available on-line, go to the SCBA website (www.scba.org) and click "Internet CLE." On-line listings are constantly updated, with new programs added everyday!

Written course materials are included, at no extra cost, with all recorded CLE purchases.

This Catalog's DVDs & Audio Listings

This catalog lists **DVDs and audio recordings** of programs presented live during the Academy's 2010-2011 academic year plus some programs from the start of the 2011-2012 year and some from earlier years that continue to have relevance for practitioners. Entries are identified by date of the live programs.

NOTE ABOUT AUDIO RECORDINGS

The newer audio (2010-2011) recordings listed in this catalog were created with **MP3 formatting** and will play only in computers and audio players that are MP3 compatible. If your equipment does not play MP3 format, you may convert it to a **traditional audio CD** yourself using appropriate software (Windows Media Player or iTunes) OR you may order a converted audio disk through the Academy. Call the Academy – 631-234-5588 – with questions or to order a converted audio recording..

Discounts: Individuals

Under the Academy's "**buy three, get one free**" policy, purchasers may acquire a fourth DVD or audio CD (priced the same or less than the least costly of the other three) at no extra cost. **SCBA members also may take a ten percent discount on all DVDs or audio recordings.**

Discounts: Additional Users & Groups

Law firms or ad hoc groups may fulfill their MCLE requirements at special discounted prices: One member of the group purchases the DVD or audio recording at the listed price; others in the "group" may then utilize the same recording -- either as members of an "assembly" or sequentially -- at a price that is lower than the original purchase price (usually \$50; longer programs cost slightly more). For information on program-specific group pricing, call 631-234-5588.

Receiving MCLE Credit for Recorded Programs

DVD or Audio Recording: Users complete a simple **evaluation/questionnaire** that asks for program-specific comments plus **verification codes** that are shown or spoken during the program. Upon receipt of a completed evaluation form, the Academy issues a **certificate of completed CLE activity**.

On-Line: Instructions for receiving credit are provided during the course of the on-line program.

Retention of Certificates: Under the rules of the NYS CLE Board (the regulator of MCLE in New York), lawyers are required to retain all MCLE certificates for at least four (4) years.

If you are dissatisfied with the quality of your DVD or audio recording, return it at any time for a replacement. If the content did not meet your expectations, let us know within 30 days for a refund or substitution of another title.
